

OMNI-ZULU

Omni Global Technologies

3D TACTICAL SIMULATION

FEATURES / FUNCTION

1

- The purpose of this simulation is to simulate the tactical actions taken during various types of basic tactical ground operations.

2

- Combat visualization (various types of military defense equipment) included in this tactical training equipment is combat equipment that is directly related to the duties of the unit.

3

- It is important to train students with a tactical demonstration visualization which is similar to the situation that will be encountered in a real combat scenario in order for them to be prepared for a real combat situation. It is through this process that the basic tactical abilities of the students will be enhanced.

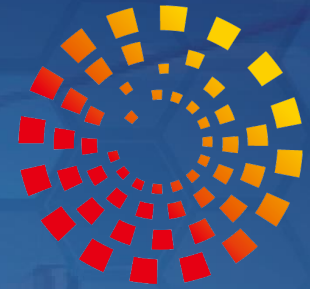

FEATURES / FUNCTION

- Load Best Picked Scenario
- Display / Simulate Movement In 3D
- Display / Simulate Attack And Defense In 3D
- Display / Simulate Weapon Trajectory
- Change Weather
- Display / Simulate Day & Night
- Add Custom 3D Object (Building, Road, Vehicle , Men)
